

# After Today

**Bobby Darin**

After today  
Nothing will be  
The same again  
After today  
I'll make my claim to fame  
And then

The grass will be greener  
And the air will be cleaner  
And my life'll be serener  
Than heaven knows when  
Heaven knows when

After today  
I shall have bid  
My fears goodbye  
After today  
I shall have no more  
Tears to cry

I'll learn to live with  
Laughter to stay  
After today

I'll learn to live with  
Laughter to stay  
After today  
After today
