

# At The Crossroads

**Bobby Darin**

Here I stand  
At the crossroads of life  
Childhood behind me  
The future to come  
And alone

Nothing planned  
At the crossroads of life  
But life will find me  
More grateful than some  
It has known

Grateful to see  
All the wonderful things I see  
Grateful to be  
What life expects me to be

So I stand  
At the crossroads of life  
This way or that way  
Well, which shall I go?

Towards the left or the right?  
Towards the day or the night?  
Towards the dark or the light?  
Only my heart can know  
Only my heart can know
