Don't Make Promises

Bobby Darin

It seems the songs we're singing
Are all about tomorrow
Tunes of promises you can't keep
Every moment bringing a love I can only borrow
You're telling me lies in your sleep

Do you think I'm not aware of what you're saying
Or why you're saying it
Is it hard to keep me where you want me staying
Don't go on betraying it
Don't make promises you can't keep

We had a chance to find it
Our time was now or never
You promised me things that I need
But then the things behind it took away the chance forever
You're telling me lies in your sleep

Do you think I'm not aware of what you're saying
Or why you're saying it
Is it hard to keep me where you want me staying
Don't go on betraying it
Don't make promises you can't keep
