

# Down So Long

**Bobby Darin**

Down, down, down so long

Yes... I've been down so long  
Gettin' up never crossed my mind  
I've been down so long  
Gettin' up never crossed my mind

I've a-been pushed  
And I've a-been shoved  
I've been everything but loved

I've been down so long  
Gettin' up never crossed my mind  
I've been down so long  
That the tears roll up my cheek

My sense of right is wrong  
And my sense of strong is weak  
Ever since you went away  
My life has been one hell to pay

And I've been down so long  
Yes... gettin' up never crossed my mind  
Tell me if you know what I mean, children?

Gettin' up never crossed my mind  
Ooh... sing it with some soul now  
Gettin' up never crossed my mind  
Tell me what never crossed your mind?  
Gettin' up never crossed my mind
