

## Light Blue

Bobby Darin

Light blue ... getting darker everyday.  
Light blue ... adding deeper tones of gray.  
What I wanna know...  
How long ya gonna be this way?

Black road ... I cannot see no end in sight.  
Black road ... oh come on and show me some light.  
What I wanna know...  
Am I gonna spend my day's and night's?

Big Ben ... Daddy's load has got ya made.  
Big Ben ... lettin' your neighbor be afraid.  
What I wanna know...  
What ya gonna do with the mortgage paid?

What I wanna know...  
What ya gonna do with the mortgage paid?

Bright red ... making rivers on the ground.  
Half dead ... ain't no better than the dying sound.  
What I wanna know...  
Is this the way you gonna bring me down?

Light blue ... getting darker every day ... yes it is ...  
Light blue ... adding deeper tones of gray ... yes it is ...  
What I wanna know...  
How long ya gonna be this way?

What I wanna know ...  
How long ya gonna be this way?
