

Melodie

Bobby Darin

I woke up yesterday
When I was lost in the past somewhere
I felt my destiny
Was a sad parade going nowhere
And I saw my sweet Melodie
Like a song, you enchanted me
And the sound of your voice made my heart keep time
To the music of a love that filled my mind

Melodie, you're a symphony
Love song to me, you're the only
Melody that I wanna sing
You're my everything, you're my only
Melodie

The long and winding road is much shorter
Now that you're here with me
The questions in my mind have been answered

In my mind, I can hear the orchest-ra
Hello tomorrow, goodbye yesterday

Melodie, you're a symphony
Love song to me, you're the only
Melody that I wanna see, you're my everything
You're my only

Beautiful moment (Beautiful moment)
Ooh, happy day (Oh happy day)
And you know it's music to my ears, little girl
Every word that you say, yeah yeah yeah yeah yeah

Sweet Melodie, you're a symphony
Love song to me, you're the only
Melody that I wanna sing, you're my everything
You're my only Melodie, you're a symphony
Love song to me, you're the only
Melody that I wanna sing, you're my everything
You're my only Melodie, you're a symphony
Love song to me, you're the only
Melody that I wanna sing, you're my everything
