

Sausalito (The Governor's Song)

Bobby Darin

Sounds from Sausalito make Mahatma just a word
Sounds from Sacramento shouldn't be heard
Sounds from Sausalito could assuage a raging heard
Sounds from Sacramento merely curl

If you can dig what I'm trying to say
Then you might care
To paraphrase Papa John
We're living in a California nightmare

Sounds from Sausalito, may they never go unheard
Soap for Sacramento, spread the word

Of the people, by the people
Now you know Santa Claus is dead
Freeze the learnin', ban the burnin'
Imported wine and your stores is red

Sounds from Sausalito, may they never go unheard
Soap for Sacramento, spread the word
