

Settle Down

Bobby Darin

Well, I'm going down that highway
Going to another town
And if I ever find what I'm looking for
Well then maybe I'll settle down

Why don't you help me brother
I'm a stranger in your town
Why don't you help me brother
And maybe I'll settle down

Why don't you help me brother
I'm a stranger in your town
Why don't you help me brother
And maybe I'll settle down

Well, I worked my way from Boston
To that San Francisco Bay
And baby what I was looking for
I couldn't find along the way

Why don't you help me brother
I'm a stranger in your town
Why don't you help me brother
And maybe I'll settle down

Why don't you help me brother
I'm a stranger in your town
Why don't you help me brother
And maybe I'll settle down

Oh, I never had been contented
No matter where I roam
Ooh, it ain't no fun to see the setting sun
When you're far away from your home

Why don't you help me brother
I'm a stranger in your town
Why don't you help me brother
And maybe I'll settle down

Why don't you help me brother
I'm a stranger in your town
Why don't you help me brother
And maybe I'll settle down

Now, I've worked in the mills of Pittsburgh
In the hills of Tennessee
Oh, baby all I want is to find me a job
That will set my mind at ease

Why don't you help me brother
I'm a stranger in your town
Why don't you help me brother
And maybe I'll settle down

Why don't you help me brother
I'm a stranger in your town

Why don't you help me brother
And maybe I'll settle down
