

# Somebody to Love

Bobby Darin

I been all over this country  
Been half way 'round the world  
I been travelin' so dog gone much  
That I haven't got a steady girl

Somebody to love  
Somebody to love  
Somebody to call me turtledove  
Somebody to love

Yes I guess I been lucky  
I had me fortune and fame  
But I would give up my rovin' ways  
Just to change some girlie's name

Somebody to love  
Somebody to love  
Somebody to call me turtledove  
Somebody to love

I been hurtin'  
Such a long, long time  
I been searchin'  
Where's that girl of mine?  
Won't you hear me now

If there's somebody listenin'  
Won't you answer my plea?  
Won't you send me some good, good girl  
To spend her life with me

Somebody to love  
Somebody to love  
Somebody to call me turtledove  
Somebody to love

I been hurtin'  
Such a long, long time  
I been searchin'  
Where's that girl of mine?  
Won't you hear me now

If there's somebody listenin'  
Won't you answer my plea?  
Won't you send me a good, good girl  
To spend her life with me

Somebody to love  
Somebody to love  
Somebody to call me turtledove  
Somebody to love

Somebody to love  
Somebody to love  
Somebody to call me turtledove  
Somebody to love

I need someone to love  
Somebody to love  
Somebody to love
