That Funny Feeling

Bobby Darin

There is an air about her
Somethin' so square about her
That makes you care about her
More than you should

First, that funny feelin'
Then, the warm comes on
A dull familiar lull
Before the storm comes on

The inconceivable becomes achievable
It's unbelievable what you can do
When that funny feelin' touches you
And... she has got that funny feelin', too

That funny feelin'
That puts such demands on you
Bettah nevah let her
Get her hands on you

The inconceivable becomes achievable
It's unbelievable what you can do
Once that funny feelin' touches you
And... she has got that funny feelin', too
