

# While I'm Gone

Bobby Darin

Oh while I'm gone  
Please wait for me  
Oh it's not for long  
It's eternity

My longing arms  
Will hold you again  
I don't know how or when  
Or even when

But while I'm gone  
I'd be so blue  
If I didn't know  
I'd come home to you

And if you save your love  
Like you gave your love to me, won't be long  
Please say you'll wait for me my love  
While I'm gone

And if you save your love  
Like you gave your love to me, won't be long  
Please say you'll wait for me my love  
While I'm gone
