

# Hello Loser

(Narrate the story)

(1-2, 1-2-3)

"Hello Loser, Hello Loser"

That's what I say to myself everyday

I broke her heart, and now the world is just an empty place

I'm lost without her kiss, her tender touch, her warm embrace

It's too late now to be sorry

For all the things I did to make my baby cry

And when I see her with her new love I could die

When she says "Hello loser, good-bye"

And when I see her with her new love I could die

When she says "Hello loser, good bye"

"Good-bye

Good-bye

Good-bye"
