

# Hello Summertime

**Bobby Goldsboro**

Birds and bees and all the flowers and trees  
Fishes on the line  
Girls and guys and yellow butterflies  
Sing "Hello, summertime"

A homemade boat and a river to float  
With nothing on our mind  
Is on the moon above, two people in love  
Singing "Hello, summertime"

Summertime (Laying back in the sun)  
Yes, summertime (Having summertime fun)  
It's the time for two, just me and you  
And the summertime

Swing from a lim, drop in for a swim  
Hey, the water sure looks fine  
Ain't nothing wrong, just floating along  
Singing "Hello, summertime"

Summertime brands, lots of the friends  
We're all feeling fine  
Watch the sun go down, hear the summer sounds  
Singing "Hello, summertime"

Summertime (Laying back in the sun)  
Yes, summertime (Having summertime fun)  
It's the time for two, just me and you  
And the summertime

Summertime (Laying back in the sun)  
Yes, summertime (Having summertime fun)  
It's the time for two, just me and you  
And the summertime
