If She Was Mine

Bobby Goldsboro

If she was mine
I wouldn't run around all over town
Like all those other guys
If she was mine

If she was mine
I'd always treat her good
The way I should
I'd never tell her lies
If she was mine

Those big blue eyes you see are not for crying
Oh, you shouldn't treat her bad the way you do
You're gonna lose her love if you keep lying
I know it's true 'cause she once loved me too

If she was mine
The way she used to be
I'd make her see
That I've grown up inside
If she was mine

Those big blue eyes you see are not for crying
Oh, you shouldn't treat her bad the way you do
You're gonna lose her love if you keep lying
I know it's true 'cause she once loved me too

If she was mine
The way she used to be
I'd make her see
That I've grown up inside
If she was mine...
