

These Are The Best Times

Bobby Goldsboro

These are the best times
The moments we can't let slip away
Life's little game we play
Living from day to day

But once in a lifetime
A minute like this is ours to share
Remember these moments well
For moments like these are...

...Rare as dreams and golden rainbows
Soft as nights when summer wind blows by
Together we laugh and cry
Together we'll learn to fly

Come take my hand
Together we'll cross the timeless sands
Chasing the endless sun
Living our lives as one

Living our lives as one

These are the best times
