

(Got a) Heartsick Feeling

Bobby Helms

I got a heartsick feeling and I'm telling you no lie
I'm so lost and so lonesome I could lay down and die
Cause my baby done left me she left me high and dry
I got a heartsick feeling and it's making me cry

Keep traveling down tears like mountain streams
Keep traveling down all your good for nothing dreams
Cause my baby done left me she told me goodbye
I got a heartsick feeling and it's making me cry

So keep traveling down tears like mountain streams
And keep traveling down all your good for nothing dreams
Cause my baby done left me she told me goodbye
I got a heartsick feeling and it's making me cry
