

# Sugar Moon

**Bobby Helms**

When it's sugarcane time and around about June  
I'll be walkin' with sugar neath that old sugar moon

All the lovin' I missed I'll be gettin' it soon  
I'll be gettin' it from my sugar neath that old sugar moon

I can see us right now get the calendar down  
Draw a circle around the day I'm all her around

When it's sugarcane time and around about June  
Weddin' bells will be chimin' neath that old sugar moon

I can see her right now get the calendar down  
Draw a circle around the day I'm all her around

When it's sugarcane time and around about June  
Weddin' bells will be chimin' neath that old sugar moon
