

Not You

Bobby Rydell

Girl now I know
And still I can't believe it's true
If there one person I believe in
Baby it was you

From the day I found you
Girl I build my whole world around you
Someone else might be untrue
But not you no not you girl not you
No not you

I thought we shared so very much
But now I see

I gave my heart and so
But you just gave your lips to me

Girl the day I saw you
You were everything good
And more you
Oh sweet and you were fine
I could sworn on my life you were mine
Someone else could be untrue
But not you
Oh No baby not you
Oh no baby not you
Oh no baby not you
