

Back To Love

Bobby V

Hey, how's everybody doin'?
Just wanna welcome you all out till the sky burns
Beautiful young ladies about to show you to your seats
Hope you have a good time

Good morning friends, how ya doing?
It's so nice to see you again
And I ain't seen you around in a minute
You know it's nice to see your face
I wanna talk to you for a while, now that I have time
I wish that I could read your mind
And I wish that you could read mine
We could reach for something else
We could try for something new

Let's go back to love, back to love
Just me and you girl
Just me and you girl
So baby lets go back to love, back to love
Just me and you
Let's go back to love, back to love
Just me and you

I want to, I want to
Give it to you, give it to you
I want to, I want to
Give it to you, give it to you
I want to give it to you

Good night to you, my soul flower
I hope you wish upon my star
Lets take a trip to the peach moon
Girl I know it's new for you
You know I want you here for a while
Just to wake up to your ...
Ima make you worth your while
Ima go the extra mile

We could reach for something else
We could try for something new

Let's go back to love, back to love
Just me and you girl
Just me and you girl
So baby lets go back to love, back to love
Just me and you
Let's go back to love, back to love
Just me and you

I want to, I want to
Give it to you, give it to you
I want to, I want to
Give it to you, give it to you
I want to give it to you

I want to, I want to
Give it to you, give it to you

I want to, I want to
Give it to you, give it to you
I want to give it to you

Just me and you girl
Just me and you girl
Let's go back to love, back to love
Just me and you
Let's go back to love, back to love
Just me and you
