

Dusk Till Dawn

Bobby V

Dusk till dawn yea

I need you you you you
Without you there's no me, we're in a B
I need you you you you
I swazzin up my brazes every day
I need you you you you
Without you I would've never made it
I need you you you you
I wanna thank you, thank you, thank you
Ride this rollercoaster, ride this rollercoaster
Ride this rollercoaster, ride this rollercoaster (of life)
Ride this rollercoaster, ride this rollercoaster
Ride this rollercoaster
I'm gonna need you (a sinner with make-up)
Must be thankful
I just wanna thank you
For this tempting
