Grab Somebody

Bobby V

When this song right here, come on, grab somebody, grab somebody, yeah
When this song right here, come on, grab somebody, grab somebody, yeah
When this song right here, come on, grab somebody, grab somebody, yeah

Uh, I really, really wanna kiss all on your neck
Got me thinking about what it's like in between your legs
Let me see, let me see, how low you can go
Drop it down to the ground and touch the floor
Uh, I'm sorry shawty I don't mean no disrespect
But I just wanna be all out on you if you let me mate
Let me see, let me see how far you can go
When I'll find her I'ma do her slow like
? so slow, like ?, oh never gonna stop
I'm not gonna stop till I found one,
Gotta gotta get that girl
I'ma take her to the top and never come down
Yeah, I gotta find that girl

When this song right here, come on, grab somebody, grab somebody, yeah
When this song right here, come on, grab somebody, grab somebody, yeah
When this song right here, come on, grab somebody, grab somebody, yeah

I know you think I'm nasty girl I might be
..real type of looking let me show you what you mean
Let me see, let me see how long you can last
Wanna pull your hair and spank that ass
..like a soldier at war

When I'll find her I'ma do her slow like
? so slow, like ?, oh never gonna stop

I'ma take her to the top and never come down
Yeah, I gotta find that girl

When this song right here, come on, grab somebody, grab somebody, yeah
