

Every time you're not in my sight  
You tell me don't leave, I say okay  
I wish that you could read my mind  
You could see that you run my day

'Cause you're all up in my hair like shampoo  
All I wanna do is understand you  
Say what's on your mind, I won't stop you  
If you wanna go and fly, I got you

Let me take you to Lover's Play  
Or a place that we can ignite the flame  
Oh, sweeter than cane, sugar  
If I say let's run away, would ya

Love me like I'm lovin' you  
Love me like I'm lovin' you  
Lovin' you  
Love me like I'm lovin' you  
Lovin' you  
Love me like I'm lovin' you  
Lovin' you  
Love me like I'm lovin' you  
I'm lovin' you  
Lovin' you

Every time I look in your eyes  
All my pain starts to fade away (fade away, fade away)  
I wish that I could be right here  
Holding onto you putting kisses on your forehead  
Forever (forever, oh)

You're all up in my head like a number one song  
You deserve a king, I won't do you wrong  
Girl, you got be bothered, what's going on?  
Won't you come along?

Let me take you to Lover's Play  
Or a place that we can ignite the flame  
Oh, sweeter than cane, sugar  
If I say let's run away, would ya

Love me like I'm lovin' you  
Love me like I'm lovin' you  
Lovin' you  
Love me like I'm lovin' you  
Lovin' you  
Love me like I'm lovin' you  
Lovin' you  
Love me like I'm lovin' you  
I'm lovin' you  
Lovin' you

'Cause you're all up in my hair like shampoo...  
All I wanna do is understand you...  
Say what's on your mind, I won't stop you...  
If you wanna go and fly, I got you...

Love me like I'm lovin' you
