

Lose My Cool

Bobby V

I'm finding hair ties in my bed
And my skin smells just like your perfume
I'm finding scratches on my neck
I wear them proud like a fresh tattoo
Yeah, I see you everywhere
Got your clothes all over my room (Baby)
I can feel you in the air
One thought of you and I'm losing my cool

Real shit, when I think of you
When I think of you I lose my cool

I lose my cool...
My, my, my cool...
Real shit, I lose my cool...
When I think of you I lose my cool...

When I see you, I lose my breath
And my heart beats bigger than a drum
X's and O's up in my text
Girl you, girl you got me stuck under your thumb
Yeah, I see you everywhere
Got your clothes all over my room (Baby)
I can feel you in the air
One thought of you and I'm losing my cool

Real shit, when I think of you
When I think of you I lose my cool

I lose my cool...
My, my, my cool...
Real shit, I lose my cool...
When I think of you I lose my cool...

Real shit, when I think of you (Oh, baby)...
I lose my cool...
