

Not Alone

Bobby V

Sometimes you're feelin' down now
And you look inside yourself
Don't know which way to turn
You can't trust your closest friend
Everywhere that you turn
There's a lesson to be learned
But you can't give up hope
'Cause it's not the end of the road

You're not alone when He's in your corner
I know the world can get cold and heartless
But you're not alone when He is beside you
And wherever life may seem to guide you

I've already traveled down the road that you've been through
But I know that we can make 'cause I did, too
I done had heartache and pain
Not a dollar to my name
But I made it through the storm and the rain

You're not alone
I know the world can get cold and heartless
But you're not alone when He is beside you
And wherever life may seem to guide you

You're not alone when He's in your corner
I know the world can get cold and heartless
But you're not alone when He is beside you
And wherever life may seem to guide you

I know that the times get rough
You should just hold on, you'll see
Don't give up, keep faith in yourself
'Cause somebody had faith in me

Oh, no no
You're not alone, you're not alone
You're not alone, you're not alone
You're not alone, you're not alone
You're not alone
You're not alone
You're not alone
I know the world can get cold and heartless
But you're not alone, listen
He'll always be by your side, yeah
You're not alone, you're not alone
You're not alone
You're not alone, you're not alone
You're not alone, you're not alone
