Yeah

Please tell me you can read my mind
Before I get to texting you
And usually I'm not that type
But I really wanna come through
Girl, I got some things in mind that I wanna do
And I can't even relax
Until you hit me back, babe, yeah

I just wanna reply
Come by, baby (come by)
You can stay the night, baby (all night)
Leaving all the lies, baby
I just wanna reply
Come by, baby (come by)
That's all I wanna hear, for real (all night)
Girl, you already know how I feel

Hit me up, hit me up, babe
I wanna hear from you
Hit me up, hit me up, babe
I wanna hear from you

Now my phone is ringing all the time
Yeah, I know I really put it down
Girl, you know you're such a vibe
I wanna show you out all around town
Body snatched up, hugging that Christian Dior
I don't even wanna go out no more
I just wanna see what that bang made for, yeah

I just wanna reply
Come by, baby (come by)
You can stay the night, baby (all night)
Leaving all the lies, baby
I just wanna reply
Come by, baby (come by)
That's all I wanna hear, for real (all night)
Girl, you already know how I feel

I just wanna reply
Come by, baby (come by, baby)
You can stay the night, baby (all night)
Leaving all the lies, baby
I just wanna reply
Come by, baby (come by)
That's all I wanna hear, for real (all night)
Girl, you already know how I feel

Yeah, it's time to put the phone down
Yeah, we 'bout to go a couple rounds (me and you)
I love the way you make those sounds (uh)
Bouncing it up and down (woo)
Riding that thing like a SS (skrr, skrr)
Now you can't even make breakfast
We about to lay right here

And this about to be our year

I just wanna reply (uh, yeah)
Come by, baby (come by, baby) (oh, baby)
You can stay the night, baby (all night)
Leaving all the lies, baby (oh, yeah, baby)
I just wanna reply (oh, reply, baby)
Come by, baby (come by) (eh)
That's all I wanna hear, for real (all night)
Girl, you already know how I feel

Hit me up, hit me up, babe
I wanna hear from you
Hit me up, hit me up, babe
I wanna hear from you

So just lay right here
This about to be our year
