

## Role Play

Bobby V

Dark knight be my alis  
Hey Lois Lane let's be spontaneous  
I'mma come and rescue you from the cold world  
I'm a winner, I only go for the gold girl  
Marble floors and Persian rugs  
Room candle lit, I'm fin to handle lit  
Poker face, slight grin joker face,  
Luxurious Miami loft, you think it's Oprah's place

Move like a killer, more like a sniper  
Let's role play, I'll be roddy, roddy piper  
On that, tulip, shout out, chew it  
Till it, drip, drip, sticky icky fluid  
I bought you a stripper pole for your living room  
We down with chop sticks, no dinner spoon  
You decided to deal with the lobbers  
Daily surprises and frequent fly a mileage

I'm gonna play the doctor, and you play the patient  
You say you got a fever and your body's fiending  
Just relax and sit tight, let me hear, your heartbeat  
I think you're sick, take this, I'll promise it will be the remedy

We can play cops and robbers  
Nurse and doctors, it's whatever  
I can be the daddy, you can be the mama  
We can play house together  
Whatever you want, you know I'm down for  
It's whatever you want, you know I'll do more  
Whatever you need, it's a luxury  
I love it when we role play, role play, role play  
Role play, You know I love when we do it  
I'm a different man, you're a different girl  
Everything is new, in the different world  
Role play, role play

You be the teacher, I'll be the student  
I'll be studying your body, so baby won't you test me'  
After school, me and you, for some private one on one  
Tutor me like you do, our chemistry is like no other

We can play cops and robbers  
Nurse and doctors, it's whatever  
I can be the daddy, you can be the mama  
We can play house together  
Whatever you want, you know I'm down for  
It's whatever you want, you know I'll do more  
Whatever you need, it's a luxury  
I love it when we role play, role play, role play  
Role play, You know I love when we do it  
I'm a different man, you're a different girl  
Everything is new, in the different world  
Role play, role play

Love when we do it, you know I love how you do it  
You know I Love when we do it, you know I love how you do it  
Oh babe, uh

You know I love how we do it

We can play cops and robbers  
Nurse and doctors, it's whatever  
I can be the daddy, you can be the mama  
We can play house together  
Whatever you want, you know I'm down for  
It's whatever you want, you know I'll do more  
Whatever you need, it's a luxury  
I love it when we role play, role play, role play  
Role play, You know I love when we do it  
I'm a different man, you're a different girl  
Everything is new, in the different world  
Role play, role play
