

## A Not So Merry Christmas

**Bobby Vee**

A not so Merry Christmas I'm gonna spend this year  
A not so Merry Christmas no you to get for Christmas cheer  
A year ago December you were here to understand  
A year ago remember you were here to hold my hand

Mistletoe and holy night time chill with snow  
Frosty cheeks and sleigh rides that December long ago  
And now you're gone so far away too far away to hear  
And a not so Merry Christmas I'm gonna spend this year

A mistletoe and holy night time chill with snow  
Frosty cheeks and sleigh rides that December long ago  
And now you're gone so far away too far away to hear  
And a not so Merry Christmas I'm gonna spend this year
