

Anyone Else

Bobby Vee

Anyone else could have walked out the door
Not come back anymore, I wouldn't mind
Ah, anyone else could have told me goodbye
Darlin' I wouldn't cry, but now I find

That I been cryin' more than I care to
Just tryin' hard to forget you
Ah, everywhere I go, you always go
In my heart, but not at my side

Ah, anyone else could have put me right down
Even pushed me around, I wouldn't be blue
But does anyone else, can't think of anyone else
'Cause there's just nobody else but you

(Anyone else could have been cruel to me)
(Made a big fool of me, I wouldn't feel bad)
(Anyone else could say this is the end)
(From now on we're just friends, I wouldn't be sad)

But does anyone else, I can't think of anyone else
'Cause there's just nobody else but you
Aaahhh, anyone else, I can't think of anyone else
Aaahhh, anyone else, I can't think of anyone else
