

Do I Really

Bobby Vee

Do I really love you baby?
Do I think of you night and day?
Do I really love you baby?
Well let me put it this way

Does the wind blow?
Can a bell ring?
Does a child grow?
Can a bee sting?

Do I really need you baby?
Do I miss you when you're not here?
Do I really love you baby?
Well let me ask you this, dear

Does a heart beat?
Can the sun shine?
Is a kiss sweet?
Can a dog whine?

Do I really love you baby?
Do I think of you night and day?
Do I really love you baby?
Well let me put it this way

Does the wind blow?
Can a bell ring?
Does a child grow?
Can a bee sting?

Do I really love you baby
Do I think of you night and day
Do I really love you baby
Do I think of you night and day
Do I really love you baby
Do I think of you night and day
