

Forget Me Not

Bobby Vee

I've been cryin' my heart out
Do you love me or do you love me not
If you keep tryin', you'll hear me sighin'
Forg-e-e-et me not

I've been wearin' my mind out
To have you close, to give all that I've got
The love we tasted, has it been wasted
Forg-e-e-et me not

Ain't I just a lucky guy
Forget me not, forget me not
Woh, I'd lay me down to die
If love is a one big lie

There's no need to remind me
Love's afire when the kisses grow hot
So take this ember, then you'll remember
Forg-e-e-et me not

Ain't I just a lucky guy
Forget me not, forget me not
Woh, I'd lay me down to die
If love is a one big lie

There's no need to remind me
Love's afire when the kisses grow hot
So take this ember, then you'll remember
Forg-e-e-et me not

Forg-e-e-et me not

Forg-e-e-et me not
