

## Silent Partner

Bobby Vee

(Oh, silent partner, don't try to keep it from me)  
If someone else has your love, be strong and tell me

Darlin', tell me what's on your mind  
Silence in love is a bad sign  
You know your much too old to pop, dear  
Tell me what this is all about, dear  
Speak right up and let me know

Darlin', I've been here now quite a while  
You've not offered as much as a smile  
It looks like our romance is ended  
I'll try hard not to look offended  
Speak right up or let me go

(Oh, silent partner, don't try to keep it from me)  
If someone else has your love, be strong and tell me

Darlin', tell me what's on your mind  
Darlin', tell me what's on your mind  
Darlin', tell me what's on your mind
