

Teardrops Fall Like Rain

Bobby Vee

I'm not sure if I love you
But every time you say we're through
I feel the pain and teardrops fall like rain

When you're around
I never know just how I feel but when you go
I feel the pain and teardrops fall like rain

Time for me to make my decision
You can help me decide
Wish you knew that I miss you
And all those teardrops I've cried

So let me know that you love me
'Cause that's the way it's got to be
Can't stand the pain and tears that fall like rain

So let me know that you love me
'Cause that's the way it's got to be
Can't stand the pain and tears that fall like rain
Can't stand the pain and tears that fall like rain
