

The Story of My Life

Bobby Vee

Someday I'm going to write
The story of my life
I'll tell about the night we met
And how my heart can't forget
The way you smiled at me

I want the world to know
The story of my life
The moment when your lips met mine
And that first exciting time
I held you close to me

The sorrow when our love was breaking up
The memory of a broken heart
And later on the joy of making up
Never ever more to part

There's one thing left to do
Before my story's through
I've got to take you for my wife
So the story of my life will start and end with you

The sorrow when our love was breaking up
The memory of a broken heart
And later on the joy of making up
Never ever more to part

There's one thing left to do
Before my story's through
I've got to take you for my wife
So the story of my life will start and end

Will start and end
Will start and end with you
