

## This Is Your Day

Bobby Vee

This is your day, it's the big day  
That you dreamed of and hoped for  
Ever since you were just a little girl  
In braids

This is your day and you're lovely  
You look just like a princess  
Standing there, starry-eyed  
A symphony in white

All of your friends and relations are gathered here  
And there's a tear in many an eye  
The organ is playing and Aunt Mary's saying  
I remember when she was only so high

This is your day and it's perfect  
I will love you forever  
Come to me, it's here at last  
Your wedding day and mine

(All of your friends and relations are gathered here)  
(And there's a tear in many an eye)  
The organ is playing and Aunt Mary's saying  
I remember when she was only so high

This is your day and it's perfect  
I will love you forever  
Come to me, it's here at last  
Your wedding day and mine (And mine)
