

## Forever Yours I Remain

**Bobby Vinton**

I wonder if you laughed  
When you wrote down your name  
Under the words

Forever yours I remain  
Forever yours I remain  
Now you are gone  
And yes, my love for you goes on  
Forever yours I will always remain  
I love you, I do  
I love you

I'm glad that I saved  
All of your letters, dear  
They're all I live for  
And as I re-read all your love words  
I'm happy once more

Forever yours I remain  
Forever yours I remain  
Come back to me  
My arms can't hold a memory  
Forever yours I will always remain  
I love you, I do
