

# You Can Do It to Me Anytime

Bobby Vinton

You can do it to me anytime  
You can do it to me anytime

Baby, you keep gettin' to me  
Sendin' funny feelin's through me  
Like I never felt with anyone before  
You're the one I'm reachin' for  
When you brush your lips on my cheek  
It drives me wild, leaves me weak  
Makes me think I'm 'bout to lose my mind

But you can do it to me anytime  
You can do it to me anytime  
Oh, baby, I'll be glad to be the victim of your charms  
Because it feels so right to hold you in my arms

You can do it to me anytime  
You can do it to me anytime

Everytime you come around me  
Feelin's of desire surround me  
Till I don't know up from down or right from wrong  
It's too much for me to fight  
'Cause the little things that you do  
Mix me up, take me to  
Different worlds I've never seen before

But you can do it to me anytime  
You can do it to me anytime

You can do it to me anytime  
You can do it to me anytime  
You can do it to me anytime  
You can do it to me anytime
