

# Crazy About You

**Bobby Womack**

I never, I never (Womack)  
I never (crazy about you)  
I never, I never (crazy, crazy)  
I never, I never  
I never, I never  
I never, I never

I never felt this way  
I want you more each day  
What else is more to say  
I'm crazy about you

Don't give our love away  
Every night as we lay  
With you I'll always stay  
I'm crazy about you

Baby, your love is all that I need  
I want you badly, I'm craving you madly  
I'm strung out on the lovin' that you gave me (you gave me)  
Don't stop it, keep it coming for me, baby

I want only you  
My friends telling me, "Don't be no fool"  
But they don't know what you're giving  
Like Toyoty says, oh, what a feeling

I never felt this way  
I want you more each day  
What else is there to say  
I'm crazy about you

Don't give my love away  
Every night as we lay  
With you I'll always stay  
I'm crazy about you

I think of you and I  
Always together and love forever  
One on one, can we always keep it real  
I never wanna come down from this feeling that I feel

When I'm all alone (when I'm all alone)  
I'm thinkin' of you (I'm thinkin' 'bout you)  
Oh, I wonder if you think about me too  
More and more my heart beats for you  
Love me baby, drive me crazy, baby, I'm down for you

I never felt this way (no)  
I want you more each day (everyday)  
What else is there to say  
I'm crazy about you (yeah)

Don't give my love away  
Every night as we lay (every night as we lay)  
With you I'll always stay  
I'm crazy about you (yeah)

I never felt this way  
I want you more each day  
What else is there to say  
I'm crazy about you

Don't give my love away (no, no)  
Every night as we lay  
With you I'll always stay  
I'm crazy about you

I never, I never  
I never felt this way  
I never, I never  
I never felt this way (crazy about you)
