

Let Me Kiss It Where It Hurts

Bobby Womack

The way I'm fancy free
Still a virgin a lie
What a woman you had to be
To proven your mom and dad
Oh it was time to run your own life
But I don't know where our sons keeps
Walking fast talking that
Took you by surprise
And it feels there's a other world
That you wanted to believe inside
Oh it was only that
Just for that remain it's been
But after that night it was over
Oh like who didn't he disapeared
Oh-oh come here baby

Let me kiss it where it hurts
Let me try and make you well
If it was just, come here baby
Let me kiss it where it hurts
Show me, show me
All you gat to do is, (show me)
Oh-oh-yeah

People are talking since
That you said you'll never love again
Girl can't you see your life's just beginnig
And it's no way, no way, and again
Do you remember when we were kids
And we would fall down and mama would say
Get up and try it again
Oh I've already been there
Oh no I can't let you go there again

Well, get up and help me sing this song
The way I'm fancy free
Still a virgin it's a lie
But the woman you wanted to be so bad
To prove to your mum and dad
It was turn around your own life
But I don't know where
Some snakes will confess talking that
Took you by surprise
It's a if all the words
Oh that you wanted to believe inside
Oh It's just another part of life
That you gonna go through
So don't run away from it
Cause it feel safe
For some it's bad news

Oh come here baby
Let me kiss it where it hurts
That's all I wanna do now
But you gat to, (show me)
Show me, (show me)
Oh don't be ashamed show me

If you will just show me
Show me where it hurts
I can tell by the look in your eyes
That you were in trouble baby
Oh-oh-oh-hmm (show me)
All you gat to do is show me
