

# Stand Up

**Bobby Womack**

Now you all know where you come down here  
To sit down tonight or be wallflowers  
I want you to do yourself a favor  
Put a little up there  
Hey

Stand up 'cause you can't sit down  
Stand up 'cause you can't sit down  
Stand up 'cause you can't sit down  
Stand up 'cause you can't sit down

Hey, got there late, overdone place  
Cars parked for miles, no parkin' space  
People standin' 'round the walls  
Lined up in the halls  
People keep hollerin' for more, yeah  
Nevermind the sign on the door  
Here's what it says, sayin'

Standin' room only, yeah  
Standin' room only  
Standin' room only, yeah  
Standin' room only  
Listen to me now

People standin' 'round the walls  
Lined up in the halls  
People keep hollerin' for more, yeah  
Nevermind the sign on the door  
Here what it says, sayin'

Standin' room only, yeah  
Standin' room only (yeah)  
Standin' room only  
Standin' room only

Stand up 'cause you can't sit down  
Stand up 'cause you can't sit down  
Stand up 'cause you can't sit down  
'Cause you can't sit down

See, everybody's got a thing  
Everybody's got a thing they like to do  
When the groove gets right

Go on and dance what you wanna  
Dance any way you can, oh (well, well, well)  
Dance what you wanna  
Dance any way you can (ooh, yes sir)  
Dance what you wanna  
Dance any way you can  
Any way, any way, any way

Standin' room only, yeah  
Standin' room only, all up in here  
Standin' room only  
Standin' room only

People standin' 'round the walls  
Children rolling out in the halls  
People keep hollerin' for more, more, more, more  
Nevermind the sign on the door  
Here's what it says, sayin'

Standin' room only, yeah  
Standin' room only, yeah-yeah  
Standin' room only  
I wanna be in here

Standin'  
Standin' (stand up, stand up)  
Do yourself a favor (stand up, stand up)  
Yeah, stand up (stand up, stand up)  
Ooh  
Gonna stand up (stand up, stand up)
