

## Stop Before We Start

Bobby Womack

Dip yourself in my love  
What I need in you, I won't be worthy of  
If you don't need me  
You better leave me  
We better stop before we start, oh  
Breaking one another's heart

Dip yourself in my heart  
I just can't wait 'til our love will start  
Girl if it's just pain for all I'm staying  
We better stop before we start (yeah yeah)  
Breaking one another's heart

Don't have time for your game  
Need a lovin' free from pain

I'm looking for a true love  
Gotta be you, love  
I ain't rushing into nothing, oh  
I know, I know, I know, I know, I know, ooh  
I gotta believe in who I'm trusting

Dip yourself into my home  
One that you can call your very own  
And if you ain't sissy, you can't stay  
We better stop before we start, oh oh  
Breaking one another's heart, oh oh  
We better stop before we start, baby  
Breaking one another's heart  
We better stop before we start, oh oh  
Breaking one another's heart  
We better stop before we start, baby  
Breaking one another's heart  
We better stop before we start
