

## Between The Lines

**Bobi Andonov**

Don't hide it  
I'll be fine you make my mind your padded room  
Won't fight it  
Careful what you teach cuz I can't see the truth

We fly what you hijack  
Too high, know it can't last  
I keep runnin' right back

Wait

Don't speak  
You lost me in between the nights  
You  
Look at me like a stranger  
Don't speak  
I lost you in between the lines, lines, lines

Lie to me  
Make me see how we could be unstoppable  
Baby die through me  
Down on your knees reality is impossible

You're gone when the night stops  
Hold on wanna stay lost  
You like makin' me watch

We fly what you hijack  
Too high, know it can't last  
I keep runnin' right back

Wait... so

Don't speak  
You lost me in between the nights  
You  
Look at me like a stranger  
Don't speak  
I lost you in between the lines, lines, lines

Don't speak  
I know the look that's in your eyes  
You  
Look at me like I'm danger  
Don't speak  
I lost you in between the lines, lines, lines

Don't look at me like that  
Don't look at me like that  
Don't look at me like that  
Ahhhhhhh

Don't speak  
You lost me in between the nights  
You  
Look at me like a stranger  
Don't speak

I lost you in between the lines, lines, lines

Don't speak

I know the look that's in your eyes

You

Look at me like I'm danger

Don't speak

I lost you in between the lines, lines, lines
