

Guilty

Bobi Andonov

You don't know too much about me
Cause I keep you in the dark
And I know that's why you want me
But it might tear us apart oh

I been layin layin next to you
I been lyin lyin

Cause I've been feeling so guilty oh lately
Cause I know I'm about to break your heart
I've been feeling so guilty oh lately
Cause I know I'm about to break your heart oh

Oh no you'll never forgive
Never forgive forget
Oh no you'll never forgive
Never forgive forget
Is this too much to forgive
What if I can't forget
Oh no you'll never forgive
Never forgive forget

Now I'm scared it might be over
Hang myself on every word
Can't keep my affairs in order
So I keep you in blur oh

I've been feeling so guilty oh lately
Cause I know I'm about to break your heart
Cause I've been feeling so guilty oh lately
Cause I know I'm about to break your heart oh

Oh no you'll never forgive
Never forgive forget
Oh no you'll never forgive
Never forgive forget
Is this too much to forgive
What if I can't forget
Oh no you'll never forgive
Never forgive forget

I've been feeling so guilty oh lately
Cause I know I'm about to break your heart
Cause I've been feeling so guilty oh lately
Cause I know I'm about to break your heart oh

Oh no you'll never forgive
Never forgive forget
Oh no you'll never forgive
Never forgive forget
Is this too much to forgive
What if I can't forget
Oh no you'll never forgive
Never forgive forget
