

Late Text

Bobi Andonov

Hit me with that late text vendetta
I know what it means, it's whatever
Back against my bedroom wallpaper
And it's cool, it's nothing to you

Keep it natural conversational
Pictures to my phone feeling animal

No angels
Imma go ahead burn my cigarette
Needle in the thread
I know your intent
No angels

So it's gonna be a long night
It's dark on my street, but ill leave a light
You know the routine, I know when you leave

Hit me with that late text vendetta
I know what it means, it's whatever
Back against my bedroom wallpaper
And it's cool, it's nothing to you

Hit me with that late text come later
I love how it feels when I'm with you
Trojans in your stable crusader
And it's cool, it's nothing to you

Cross around your neck playing innocent

Ashes on my chest
Am I resurrect
No angels

You sharpen your nails
Always on your worst behaviour
I follow the trails
On my back from days later
No angels

So it's gonna be a long night
It's dark on my street, but ill leave a light
You know the routine, I know when you leave

Hit me with that late text vendetta
I know what it means, it's whatever
Back against my bedroom wallpaper
And it's cool, it's nothing to you

Hit me with that late text, come later
I love how it feels when I'm with you
Trojans in your stable crusader
And it's cool, it's nothing to you

Crazy when our bodies come together
Strangers in our eyes now more than ever
I know you, just care about you

Hit me with that late text vendetta
I know what it means, it's whatever
Back against my bedroom wallpaper
And it's cool, it's nothing to you

Hit me with that late text, come later
I love how it feels when I'm with you
Trojans in your stable crusader
And it's cool, it's nothing to you

And it's cool, it's nothing to you
