

Forever Young (The Wild Ones)

BoDeans

Well, you let it go, baby, and that's all right
Dreams don't come over night
Baby, it's up and down
Anywhere in this old town
You feel like running when you really need someone
Keep those dreams forever young

Ooh baby, the wild ones
Yeah, better hold on tight and
Tonight we'll stay forever young
We're the wild ones

So you stick around, baby, wait'll you see
That ain't like it's supposed to be
Yeah, well baby, I know that
It's the same wherever you go
You feel like running when you really need someone
Keep those dreams forever young

Ooh baby, the wild ones
Yeah, better hold on tight and
Tonight we'll stay forever young
We're the wild ones

We're the wild ones
We're the wild ones

Ooh baby, the wild ones
Yeah, better hold on tight and
Tonight we'll stay forever young
We're the wild ones
We're the wild ones
We're the wild ones
