

## Hearing

BoDeans

It's like the dream..i have each night  
I try to run.. but my feet hold tight  
so i dig my hands.. into the ground  
I call your name..turn around

(chorus)

But you're not hearing, you're not hearing  
you're not hearing, a word i say  
Hey, hey, hey not a word I say  
Hey, hey, hey not a word i say

It's like the streets.. of New York City  
A million People.. moving through me  
I see you there.. in Times Square  
I call down Broadway.. but you don't turn my way

(chorus)

cause you're not hearing, you're not hearing  
you're not hearing, a word i say  
Hey, hey, hey not a word I say  
Hey, hey, hey not a word i say

If i could climb.. the highest mountain  
If i could scream.. your name out loud  
I think the sound.. could make the distance  
To where your heart.. is living now

(chorus x 2)

But you're not hearing, you're not hearing  
you're not hearing, a word i say  
Hey, hey, hey not a word I say  
Hey, hey, hey not a word i say
