Rickshaw riding, oh, with you Rickshaw riding, oh, with you

Lookin' at the world See it all rumblin' down People in the street They're runnin' all around

I wonder but who can say?
I just want to be
Holding you close, near me, touch me
Tokyo Rose, she's right above me

We'll see the rising sun Will you be my mama-san?

Rickshaw riding, oh, with you Rickshaw riding, oh, with you

I'm takin' what I need
And I'm giving what I can
How much more can you ask of a man?

Take my hand and come with me
I just wanna be
Holdin' you close, near me, touch me
Tokyo Rose, right above me

We'll see the risin' sun Will you be my mama-san?

Rickshaw riding, oh, with you Rickshaw riding, oh, with you Rickshaw riding, oh, with you Oh, with you, oh, with you
