

## Runaway Love

BoDeans

Been a million years I'm going by  
And I've been going down  
And the same old fears of being alone  
And keep on coming around

So I'll take my time, keep it to myself  
Everything gonna be all right  
Ain't giving up, I've found your love  
'Cause in the lonely nights I see baby

Runaway love, runaway love so good  
Runaway love, runaway love so good

Living day by day without a sign  
Without a saving soul  
But you came my way right on time  
Baby, yeah, I know

Gonna take my time, keep it to myself  
Everything gonna be all right  
Ain't giving up, I found your love  
'Cause in the lonely nights I see baby

Runaway love, runaway love so good, ohh baby  
Runaway love, runaway love so good, ohh baby

Everything gonna be all right  
Gonna take my time to myself  
Everything gonna be all right  
Ain't giving up on your love  
'Cause in the lonely nights I see baby

Runaway love, runaway love so good, ohh baby  
Runaway love, runaway love so good, ohh baby  
Runaway love, runaway love so good, ohh baby  
Runaway love, runaway love so good, ohh baby

Everything gonna be all right  
Everything gonna be all right
