Say You Will

BoDeans

Well, I've been walking down the streets and the avenues
With the singing birds in the trees and my skies are blue
Won't you walk with me, baby?
Won't you say you will, maybe?
I've been drivin' by your house, callin' you on the phone
But your pretty momma says that you ain't been home
Won't you walk with me, baby?
Won't you say you will, maybe?
And out in the street when you pass me by
Oh, and my heart starts beating and I wanna die
Won't you walk with me, baby?
Won't you say you will, maybe?
You just say, "Hey, ho baby, don't you know?
Well, I got to head to town, I'll see you later, Joe"
Won't you walk with me, baby?
Won't you say you will, maybe?
'Coz, out in the street when you pass me by
Oh and my heart starts beating and I wanna die
Hey, won't you walk with me, baby?
Won't you say you will, maybe? Yeah
You know sometimes I wonder why I waste my time
Just trying to be your lover when you won't be mine
Won't you walk with me, baby?
Won't you say you will, maybe?
'Coz, out in the street when you pass me by
Oh baby, you never see all the tears I cry
Hey, won't you walk with me, baby?
Won't you say you will, maybe?
Now won't you walk with me, baby?
And won't you say you will, maybe? Yeah
