

Waste A Lifetime

BoDeans

Can you feel the wonder that's here tonight?
Can you feel the heartbeats that make up your life?
The summer days are slow and daydreams fly
Counting the years of a lifetime

Let's not waste a moment wanting something
That's bigger than what's right here
This could be the only moment we got
Let's not waste a lifetime waiting
Let's not waste a lifetime waiting
Let's not
Yeah yeah

And are you living at large as long you can?
Are you leading the struggle to understand?
Given up on reason you finally decide
Because only what's here in the passing is you and I

Let's not waste a moment wanting something
That's bigger than what's right here
Yeah yeah
This could be the only moment we got
Let's not waste a lifetime waiting
Let's not waste a lifetime waiting
Let's not
Yeah yeah

This could be the only moment we got
Let's not waste a lifetime waiting
Let's not waste a lifetime waiting
Waste a lifetime waiting
Let's not waste a lifetime waiting
Let's not waste a lifetime waiting
Let's not waste a lifetime waiting
Let's not waste a lifetime waiting
Let's not waste a lifetime waiting
Let's not
