

Cry When Yr Young

BODEGA

Cry when you're young
You might not be able to cry
When you're old
Holy shit
Nobody gives a shit when you're young
You just want to kill yourself and cum

Maybe it's better to be old
But you can cry Motherfuck
Let's get the fuck out of here
We can steal the rich kid's beer
(I like the sound of that)

So let's cry while you're young
You might not be able to cry
Or get high
Holy shit
The body's different when it's young
You just want to kill yourself and cum

They say it's better to be old
But you can cry when you're young
You might not be able to cry
Or get high when you're young
You might not be able to get high
When you're old
Holy shit
